

## Scoutmaster Reflection #2

Ask the following questions:

How is it going?

What do you like best about White Stag?

What have you learned about yourself?

What have you learned about each other.

If you could change one thing at White Stag what would you change and why?

Why is the patrol method important as a way to do things in Scouting?

What have you learned that you did not expect to learn?

How have the Values of Scouting made a difference at White Stag

How can you take the experience home and share it with your Troop?

Why is understanding needs and characteristics important?

What was the most difficult thing about working together?

Any problems that we can address

Thank the patrol for their enthusiasm and interest, Tell them they did a great job?

Take home what you learned and use it in your home troop
