*"Each of you wears the badge of the White Stag...I want you to treasure that badge when you go from here and remember that it has its message and meaning for you. **Hunters of old pursued the miraculous stag, not because they expected to kill it, but because it lead them in the joy of the chase to new and fresh adventures, and so to capture happiness.** You may look on the White Stag as the true spirit of Scouting, springing forward and upward, ever leading you onward to leap over difficulties, to face new adventures in your active pursuit of the higher aims of Scouting – aims which bring you happiness. These aims are duty to God, to your country, and to your fellow man by carrying out the Scout Law. In that way you will help to bring about God's kingdom upon earth – the reign of peace and goodwill."*
